LEASED LINE UNDERTAKING - MTNL

I/we _____ (name of the member) do hereby undertake the following:

1. I/We agree that the circuit will be used purely for MCX trading purpose only.
2. I/We agree that this circuit will not be interconnected to any of the Leased Line / Data Circuit / Network / PSTN / EPABX etc. for MTNL or any other service providers, which is not permitted by the rules of Telegraph Authority/MTNL. I/We further agree to extend facility to the Telegraph authority/MTNL in order to enable monitoring of the purpose. Performance and operation of the circuit, as and when required.
3. I/We hereby agree to abide by the provisions of Indian Telegraph Rules in force and as modified from time to time and such other terms and conditions prescribed by the telegraph Authority/MTNL.
4. I/We agree that necessary charges for registration/installation/advance annual rental/Arrears, if any will be paid to the controlling/billing authority of MTNL & MCX, as and when we receive demand note/advice from MTNL/MCX and when such charges become due.
5. I/We agree that I/We shall pay the cancellation charges and other expenses incurred to establish the circuit as requested by me/us that may become payable, in the event of cancellation of the application/closure of the circuit at a later date.
6. I/We do hereby agree to indemnify the Govt. of India / DOT / MTNL and keep them indemnified against any loss damage claim, cost, charges, expenditure incurred by or made against them in respect of loss of rent/call charges, violation of C.U.G. norms due to misuse of the circuit or otherwise whatsoever in the matter.
7. In case MTNL provides us MLLN modems, it will be our responsibility to maintain the same safely. In case of any physical damage or theft we will bear the charges specified by MTNL.

RUBBERSTAMP:

LEASED LINE ROUTER SPECIFICATION

The member is requested to purchase the router from a hardware vendor. For this purpose the Exchange specifies the necessary infrastructure.

Necessary Infrastructure:

Router configuration

Make & model: CISCO 1800 (10/100 T) modular router with 2 WAN slots, 16 MB flash memory & 32 MB DRAM.

Interfaces: 1-port serial WAN interface card, 1 port ISDN BRI card.

(Incase the local telephone exchange does not have ISDN facility, member has to go for one port Async card).

Cables: V.35 cable, DTE Male to smart serial – 10 feet.

IOS version: CISCO 1800 IOS IP Version 12.2 or above.

LAN infrastructure

(a) Switch/Hub: 8/12 port switch from leading manufacturers like Cisco, Nortel or 3Com.

(b) LAN cabling: CAT 5 (structure cabling).

Modems (optional)

For MLDN & MILLN type of links (only select telephone exchanges have this facility), the modem is provided by MTNL/BSNL which is billed in the demand note. Other wise member has to procure the following leased line modems:

Make: RAD

Model number: ASM 20 or ASM31 (depend on Telephone Exchange requirement)

Interfaces: V.35
